A B

A Adjusts "up and down" seat height relative to the floor.

B Allows seat "rotation" in a full circle.

C Places the "pivot point" directly above the base center" and allows the user to lean back in a seated position.

D "Locks seat and back" in an upright position.

E Allows user to adjust "resistance" with which chair reclines or tilts.

F Allows user to select and "lock a particular back angle."

G Allows user to recline at a more natural angle than the traditional tilt control. "Pivot point of chair is positioned slightly forward" toward the front of the seat.

H Allows user to fully recline while keeping feet comfortably on the floor. "Pivot point is placed near the front of the seat."

I Automatically "adjusts seat and back angle while maintaining a 2:1 recline ratio", providing optimum back support and minimal seat rise.

J "Adjusts seat & back angle independently" with a single lever.

K Allows user to "adjust and lock seat and back angle" of chair independently of each other.

L Allows user to "adjust back up and down" for proper positioning of lumbar.

M Includes "swivel/tilt with tension control, independently adjustable seat and back angle with infinite lock (any position) and forward pitch control."

N Allows user to "adjust back in and out" for additional seat depth.

O Allows user to "custom fit chair by adjusting lumbar" for optimum support and comfort.

P Allows user to "tilt seat forward" for optimum comfort while doing intensive forward-oriented tasks.

Q Allows seat to move "forward and back" or to be locked in a desired position.

R Allows user to "adjust arms up and down" within a set range to accommodate a variety of tasks.

S Allows user to "adjust arms up and down, or in and out" within a set range to accommodate a variety of tasks.

Soft Wheel Casters for hard surfaced floors

Available for most chairs: Model No. CASTERS-PU Set of 5 casters List \$23

We Care About Your Comfort...
